West Coast Casualty's

Construction Defect Seminar

May 15th 16th and 17, 2024
The Disneyland Resort Hotel
Anaheim, California

Seminar Invitation

The world's ONLY construction defect seminar built by you, . . . about you . . . and for you!!!

More days mean more sessions...which mean more opportunities for you to learn about the up-to-date issues of this community while simultaneously earning more continuing education credits at the same time.

Since 1993 . . .

America's Largest ... America's Favorite ... America's Best...

Construction Defect Event !!!

Welcome to the 30th Anniversary of West Coast Casualty's Construction Defect Seminar

Dear Friends and Colleagues,

As I sit here preparing this welcome letter, I say to myself, WOW, it is so hard to believe that this seminar is fast approaching its 30th year of bringing the construction defect community its Largest, Favorite and Best Construction Defect Event.

There remains no question that since 1993, the West Coast Casualty Construction Defect Seminar series has become the undeniable leader regarding education of the construction defect community.

Many have said why do we consider ourselves the undeniable leader regarding education of the construction defect community. The answer is simple, there remains no question that since 1993, the West Coast Casualty Construction Defect Seminar series has become the undeniable leader regarding education of the construction defect community because not only is this a get-together of some of the best minds of our community but because of our seminar and the ideas created here we have been successful in creating methods to positively change the way these cases are handled, the laws that surround them here in California and throughout the United States.

Many say our seminar has become an institution, a staple and a landmark for construction defect issues across the globe and the only reason we have achieved that status is because we concentrate our efforts on the most important people in this community, the attendees of our yearly events who step forward every year with their own thoughts and ideas to help reduce the costs and frustrations these cases bring.

I think that based on our knowledge, our experience and the many supporters who have come to help us over the years, we believe that in May 2024 we will go forward with a wonderful event at the ***"House Built By A Mouse"***

If you attended our 2022 and 2023 seminar events, you already know that in the construction defect community we have always been a social community despite our many differences and it is that need for social contact, under the best conditions available, we can go forward again in May 2024.

In the months ahead, we will be working with some of old partners and some new partners, developing ideas that will address our seminar for 2024 with new ideas and new technologies to ensure that this community stays on top of what is developing in the construction defect community. We have been hearing from those in the community regarding what they want to hear about in 2024.

As many of you already know we dedicate a lot of time to listening to those we serve at our seminars and we prepare our events with the ideas, suggestions and goals of the attendees in mind. Toward that end, we use our knowledge and experience to make positive changes for both our attendees and our speakers which started with our questionnaire process that took place in May 2023 and September 2023 which will culminate with the seminar itself.

But like in past years, we are always looking for hot topics of interest and topics on the emerging trends of this specialized area of claims and law which are important to you, your industry and/or the construction defect community at large.

With this Seminar Invitation, you will begin to see some of the changes we have implemented for our seminar in 2024. At the time of the printing of this invitation and in the weeks and months ahead, we will be looking at many new technological achievements and advances whose tools we will be using at our 2024 seminar, a number of them you will see here and some we continue to work on.

In May 2024 many will venture to Anaheim, California to hear our talented speakers' views and opinions on the controversial topics of construction defect claims and litigation. Many will come to keep abreast of current case law, current technologies, current and developing techniques in this field of specialty. Many will come to glimpse into the future of where construction defect claims and litigation will be going and what is emerging on the horizon. But most importantly to this community, many will come to meet their colleagues, other counsel, judges, mediators, the vendors as well as the other attendees and certainly old friends in the world's oldest and largest venue regarding the educational aspects of construction defect claims and litigation.

So whether you are a returning attendee who seeks to participate again based on your past experiences with us or someone who has never participated at our yearly event before but wish to do so in 2024, I urge you to review these materials and use the submission process discussed in this packet as your guide to being included in our 2024 seminar.

If you believe you have an idea or a process that benefits this community as a whole, I invite and urge you to consider participation in our ongoing seminar series. Please feel free to contact me at any time as I'll always look forward to hearing from you.

I'll look forward to seeing you in May "back at home" in Anaheim.

With best regards,

West Coast Casualty Service, Inc.

We've come "home" to Orange County

After careful consideration of choosing this year's charity for our seminar, we decided that we will be providing support to

www.familypromiseorangecounty.org

Family Promise of Orange County (FPOC) is a non-profit that aims to create a pathway of support for families experiencing housing instability and insecurity. FPOC is one of 200 national affiliates working in our country to end family homelessness. Since 2012, FPOC has helped hundreds of families stand on their feet so that children will never have to experience homelessness ever again.

This worthy charity is named as the 2024 beneficiary for our own charity raising efforts for

- **The Jerrold Oliver Award of Excellence (The "Ollie")**
 - **Tennis Shoe Thursday and Flip Flop Friday**
 - **Buy A Banner, Support A Charity, Lift A Life**

As we always have, we look to support those whose goals are similar to our own in that they exist to meet human needs wherever, whenever, and however they can.

By enlisting all those in the construction defect community through their own individual sponsorships, corporate sponsorship as well as our own we can make a difference.

Won't you consider joining this effort?

Need further sponsorship or participation details?

or write to me at davestern@westcoastcasualty.com and I'll be glad to provide you with details regarding participation and/or sponsorship opportunities

The 25th Anniversary Celebration

Buy a Banner Support a Charity Lift a Life

As in the past 24 West Coast Casualty Construction Defect Seminars, those wishing to receive recognition for the support of West Coast Casualty's Charity Program may purchase a banner to hang in the halls of the seminar event. The banner will acknowledge the name of the sponsor as well as the charity itself. The "Buy a Banner, Support a Charity" program is tax deductible(*) and sponsors of this program will be recognized in the seminar handout.

Be Part of the Magic for 2024

No matter who you donate the banner to or who it is named for, the results are that the proceeds will go to a worthy cause in the name of someone you knew or someone who touched your heart.

*Please consider this year's charity beneficiary
when making your decision*

Please contact me to participate in this worthwhile cause.
I'll always be available to take your calls, answer any questions and offer any assistance.

Banner Orders due by Monday April 15, 2024

(*) In order to receive tax deductible status, you should check with the charity and your financial planner to determine if you are eligible to take a tax deductible contribution in accordance with the tax law as established under the Internal Revenue Service Code and/or your state tax bureau.

For our 2024 seminar, we're bringing back our famed, fun and beloved fundraising event,

Tennis Shoe Thursday

Accompanied by another highly requested event specifically selected by our attendees,

Flip Flop Friday

(Sandals are O.K. too)

You can be part of this great fun fundraising effort as an individual and/or organization participation at this event. This year, we proudly support

www.familypromiseorangecounty.org

As an individual, come and be comfortable, as its \$25.00 a day or **BOTH** days for \$40.00. Just bring a check payable to Orange County Rescue Mission and turn it in at the charity booth located in our continuing education area.

Need further sponsorship or participation details? Write to davestern@westcoastcasualty.com and we'll be glad to provide you with details regarding participation and/or sponsorship.

Consider participating because someone is depending on YOU!

The Jerrold S. Oliver Award of Excellence

Each year, West Coast Casualty’s Construction Defect Seminar recognizes an individual who is outstanding or has contributed to the betterment of the construction defect community. This person is recognized at the seminar and receives a plaque citing his or her achievement. This award has been named after the late Judge Jerrold S. Oliver who was truly a “founding father” in the alternate resolution process in construction defect claims and litigation. His loyalty and commitment to this community were beyond mere words as he was a true believer in the process of resolution. The award, affectionately referred to as the “Ollie” is presented each year at our seminar to someone who has invoked the same spirit of commitment, loyalty and trust for the betterment of the entire construction defect community. Each year we ask all the members of the construction defect community to nominate those who they feel invoke the same spirit as Judge Oliver. We then narrow it down, by simple majority to the four

Hon. Jerrold S. Oliver (1934 - 1996)

Along with the recognition of the award is a donation in the winner’s name to our designated charity for 2024

West Coast Casualty's
Construction Defect Seminar

May 15th, 16th and 17th, 2024
The Disneyland Resort Hotel
Anaheim, California, USA

The Ceremony of Ceremonies
For the Construction Defect Community

At its 30th Anniversary, West Coast Casualty will present its Silver Star award to the best judge, mediator, plaintiff attorney, developer's attorney, subcontractor attorney, coverage counsel, expert and insurance claims person, et al. as voted on by the 25,000 members of the construction defect community.

. . . so here are the rules;

- Who can nominate and/or vote – Anyone who works in the construction defect community whether you attend the 30th Anniversary of the seminar or not can nominate and/or vote.
- You may only nominate and/or vote once in each category (best judge, mediator, plaintiff attorney, developer's attorney, subcontractor attorney, coverage counsel, expert and insurance claims person) and such vote must come from your work e-mail address. Any duplicate e-mail addresses will be eliminated and you are not required to nominate in all categories, just the ones you know.

- You may self-nominate and we have no objection to a “campaign” as long as it complies with these rules.
- Nominations and/or votes must be cast via e-mail to cdseminar@westcoastcasualty.com up to and including Monday April 15, 2024. Winners of *The Ceremony of Ceremonies for the Construction Defect Community* in each category will be notified ahead of the seminar and will be provided free access for the winner and up to One Additional Guests of their choosing. If the winner has previously paid for registration, those fees will be refunded by West Coast Casualty.
- Votes sent outside of the designated voting dates and times will not be counted.
- We will disqualify any nomination and/or vote if we determine that the nomination or vote was cast in exchange for compensation or other consideration or is otherwise contrary to the spirit of the competition.
- We will prohibit a nomination and/or vote from participating in *The Ceremony of Ceremonies for the Construction Defect Community* if we determine that said nomination and/or voter is attempting to undermine the legitimate operation of *The Ceremony of Ceremonies for the Construction Defect Community* by cheating, hacking, deception, or other unfair participation or voting practices.
- We reserve the right to terminate or amend *The Ceremony of Ceremonies for the Construction Defect Community*, in whole or in part, at any time without notice, if any factor, including without limitation virus, bugs, or non-authorized human intervention, interferes with its conduct as contemplated by these official rules.
- West Coast Casualty’s decisions are final on all matters relating to *The Ceremony of Ceremonies for the Construction Defect Community* and the subject matter of these rules.

So now here’s the easy part . . . it’s your turn Go ahead and nominate and/or vote RIGHT NOW for who you believe is the best judge, mediator, plaintiff attorney, developer’s attorney, subcontractor attorney, coverage counsel, expert and/or insurance claims person.

It couldn’t be any easier than just sending a confidential e-mail to cdseminar@westcoastcasualty.com

But do so by Monday April 15, 2024 so your nomination and vote counts

The Legend of an Era Award

“Legend” - One that inspires or achieves legendary fame based upon one’s own achievement(s) which promises to be enduring.

“Era” - A fixed point of time from which a series of years is reckoned and an order of things prevail.

The Legend of an Era Award is the newest in the series of awards created to recognize those in the construction defect community who inspire, contribute, advocate and influence others for the benefit and betterment of this community, making it a better place. Candidates for this award will be chosen by those who sit on West Coast Casualty’s Construction Defect Seminar’s Speakers and Topics Committee for that year’s event.

Along with the recognition of the Legend of an Era award is a donation in the winner’s name to the 2024 designated charity of West Coast Casualty’s Construction Defect Seminar.

A Special Note about Continuing Education Credits

All across the country, Insurance Departments and State Bars are changing their rules regarding granting of continuing education credits. Most of this has to do with fees and reporting requirements. Many states no longer offer reciprocal credits for their licensees and require West Coast Casualty's Construction Defect Seminar may have to apply separately to each individual state. We continue to follow these changes but West Coast Casualty can no longer guarantee approval of any reciprocal credits since we never know when a state will change its rules as each state has its own requirements. While we report all continuing education credit updates on our website, <http://www.westcoastcasualty.com/seminar/continuing-education/> it remains the duty and responsibility of the attendee to determine if their state has approved reciprocal credits for our event.

MCLE / CLE Credits

West Coast Casualty's Construction Defect Seminar has applied for MCLE credits from approximately 20 State Bars. No guarantee of credits is implied as each state has its own requirements. Credit updates are reported on our website:
